this book is a collection of proven common sense objectives as well as many of the fragments of good advice often given by numerous motivational speakers and other behavior experts the big difference is that now its all in one place at one time and most important its written in the form of usable concepts with complete and easy to understand explanations this book makes it possible for almost anyone to achieve more personal goals and enjoy a better quality of life by improving most relationships in their lives

parenting a toddler can be trying brilliantly behaved toddler is a handy guide to one of the most challenging periods of parenthood with years of experience delivering practical parenting strategies through her parent coaching business in fifty easy to follow chapters lorraine thomas provides the useful tips to handling the most exasperating situations that a parent and toddler are likely to meet including mealtimes sleeping toilet training and supermarket tantrums informative narratives and quotes from childcare experts guide and explain techniques to help parents feel confident in their parenting skills whatever the challenge experienced parenting coach lorraine thomas gives parents solutions that really works

are you being deliberately kept fat use the simple techniques in this book to learn how to cut through the confusing research advertising promotions put in your way and focus on the few things you really need to know in order to regain control of your weight and your life it really works and what s more you already know most of it

what makes a leader can you really learn to lead you might believe that leaders are born not made perhaps you think that you need to hold an important job to be a leader that you need permission to lead leadership is one of the most important aspects of our society yet there is enormous disagreement and confusion about what leadership means and whether it can really be learned as harvard business school professor robert steven kaplan explains in this powerful new book leadership qualities are not something you either have or you

don't leadership is not a destination or a state of being leadership is about what you do rather than who you are and it starts with an ownership mind set for kaplan learning to lead involves three key elements thinking like an owner a willingness to act on your beliefs a relentless focus on adding value to others kaplan compellingly argues that great organizations are built around a nucleus of people who think and act with an ownership mind set he believes that leadership is not a role reserved only for those blessed with the right attributes or situated in the right positions of power leadership is accessible to each of us today it requires a process of hard work willingness to ask questions and openness to learning this book aims to demystify leadership and outlines a specific regimen that will empower you to build your leadership skills kaplan tells real life stories from his own experience of working with various types of leaders seeking to improve their effectiveness and make their organizations more successful he asks probing questions provides exercises and suggests concrete follow up steps that will help you develop your skills create new habits and move you toward reaching your unique leadership potential what you really need to lead will help you develop your capacity to lead by unlocking your power to think and act like an owner

essays on life that will resonate deeply as readers discover how universal insights can be found in ordinary events more than thirty years ago robert fulghum published a simple credo a credo that became the phenomenal 1 new york times bestseller all i really need to know i learned in kindergarten today after being embraced around the world and selling more than seven million copies fulghum's book retains the potency of a common though no less relevant piece of wisdom that the most basic aspects of life bear its most important opportunities here fulghum engages us with musings on life death love pain joy sorrow and the best chicken fried steak in the continental united states the little seed in the styrofoam cup offers a reminder about our own mortality and the delicate nature of life a spider who catches and loses a full grown woman in its web one fine morning teaches us about surviving catastrophe the love story of jean francois pilatre and his hot air balloon reminds us to be brave and unafraid to fly life lessons hidden in the laundry pile magical qualities found in a box of crayons hide and seek vs sardines and how these games relate to the nature of god all i really need to know

i learned in kindergarten is brimming with the very stuff of life and the significance found in the smallest details in the editions since the first publication of this book robert fulghum has had some time to ponder to reevaluate and to reconsider adding fresh thoughts on classic topics including a short new introduction praise for all i really need to know i learned in kindergarten a healthy antidote to the horrors that pummel us in this dicey age baltimore sun within simplicity lies the sublime san francisco chronicle it is interesting how much of it applies not only to individuals grown or small but even to nations new york daily news as universal as fresh air and invigorating as the fragrance of a douglas fir los angeles times

the public outcry for a return to moral education in our schools has raised more dust than it s dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education
